(1) Individual Number mailing will begin in October!

- The “My Number” Individual Number system is about to begin in Japan.
- The Individual Numbers, each one unique to its holder, are important because they are required for procedures at municipal offices, etc.
- From October 2015 on, your municipality will mail an envelope to your residence (at the address registered therewith).
- The envelope contains a “Notification Card” with your Individual Number on it.

(2) Handle your Individual Number with care!

- Keep your Notification Card at hand and be careful not to throw it away or tear it.
- To avoid illegitimate use of your Individual Number, do not tell it to others except as required.

(3) “Individual Number Cards” will be available!

- Your “Individual Number Card” also serves as an ID card bearing your Individual Number.
- In some municipalities, convenient options like having convenience stores issue residence certificates are available.
- To apply for an “Individual Number Card”, fill in and send back the application provided with the “Notification Card.”
